

## BACKGROUND

Any member registered in the Inactive category wishing to resume practice of the profession must apply, in writing, to the Registrar for permission to do so by completing the accompanying form. Members wishing to return to full RP status may be required to satisfy a panel of the Registration Committee that they possess the knowledge, skill and judgment required of a current, active member.

Members who wish to return to practice are asked to consider their anticipated date of return and must apply at least eight weeks before the date they would like to resume to ensure the required steps can be completed in a timely manner. Depending on a member's individual circumstances, the processing time for some may take longer.

Inactive members cannot resume practice until they have received written authorization from the Registrar. Resumption of practice without this notification may be considered an act of professional misconduct.

The following rules apply when a member who holds an Inactive Certificate of Registration wishes to return to active practice and be re-issued a Certificate of Registration in the Registered Psychotherapist (RP) category.

1. An application must be made to the Registrar.
2. The member must pay any outstanding fees owing to CRPO under the by-laws.
3. The member must provide CRPO with any information it has required of the member.
4. The member must:
  - a. satisfy a panel of the Registration Committee that he or she possesses the current knowledge, skill and judgment relating to the practice of psychotherapy that would be expected of a member holding a Certificate of Registration in the Registered Psychotherapist category, or
  - b. have successfully completed such additional upgrading activities as are determined to be necessary by a panel of the Registration Committee.

Applications will be considered on a case-by-case basis; however, Inactive Members will be deemed to have satisfied requirement 4 above, provided:

- the member's practice will be substantially as it was prior to entering the Inactive category (e.g. similar clientele, practice focus and/or employer, roles and responsibilities);
- the member has completed at least 750 currency hours in the three year period immediately prior to submitting an application to return to active RP status; and
- there are no other factors which would require further review.

Applications for transfer from the Inactive category to the Registered Psychotherapist category may be referred to a panel of the Registration Committee where:

- the member has not completed 750 currency hours in the three year period immediately prior to submitting an application to return to active RP status;
- the member expects to significantly change the nature of his or her practice (e.g. clientele, practice focus and/or employer, roles and responsibilities); or
- factors exist that warrant further review.

## INSTRUCTIONS FOR COMPLETION

1. Complete all sections of the form. Do not leave any blanks. If a question is not applicable, enter 'Not Applicable' or 'N/A'. When you have completed the form, upload a copy to the "Documents" tab in your user account.
2. Notify CRPO using the Messaging function in the Member Management System (see "Messages" tab) that your form has been uploaded and is ready for review.

## REVIEW PROCESS

Please monitor your e-mail inbox for message alerts from CRPO; staff will contact you if any questions arise. Upon completion of the review, staff will send a notification message either approving your return to active practice and outlining next steps or providing further instructions if your application is referred to a panel of the Registration Committee for consideration.

## FEES

When your application to return to active practice has been approved, you will be invoiced a fee of \$78 + HST to transfer from the Inactive category to the RP category. Members returning to the active category must also pay the difference between the Inactive fee and the RP registration fee, pro-rated for the remaining months of the registration year.

You will receive an automated system message when payments are received. When both the transfer fee and pro-rated registration fee are fully paid, please inform CRPO using the Messaging function in the Member Management System (see "Messages" tab).

## CERTIFICATE OF REGISTRATION

Once your application is approved and all fees are paid, you will receive a confirmation letter for your return to active practice and an updated Certificate of Registration. Your registration category on the Public Register will be changed from Registered Psychotherapist (Inactive) to Registered Psychotherapist and will reflect your current practice sites.

If your application cannot be approved based on the information provided, staff will contact you and you may be asked to provide additional information, which may then require further consideration by a panel of the Registration Committee. Members whose applications are referred to a panel of the Registration Committee may experience longer than average processing times.

**Note:** You cannot resume practice and the use of the RP title until all the necessary steps are complete and you have received written confirmation from the Registrar.
