

Posting Non-College Conduct on the Public Register

Approved by: Council

Date: November 21, 2019

Process

1.1 This process applies to information about a registrant's conduct governed by outside bodies (e.g. courts of law, other regulators).

1.2 If the Registrar receives information about a registrant's conduct that is required to be posted on the public register, the College may follow up with the registrant or third parties seeking further information, including relevant court filings if applicable.

1.3 CRPO will provide notice to the registrant that it intends to post the information and an opportunity to respond. If the registrant provides a response within the allotted timeframe, the Registrar will consider the registrant's response before making a final decision regarding whether and what information to post on the public register. If the registrant fails to respond within the allotted timeframe or the Registrar nonetheless concludes that the information is required to be posted on the public register, publication on the public register will occur. If the Registrar determines that the information is not required to be posted on the public register, then the information will not appear on the public register.

1.4 For criminal charges, the College will include a notation on the public register specifying that the charge has not been proven, may be withdrawn or an individual may be found not guilty.

1.5 Information may not be posted if it would or could identify a third party or violate a publication ban. Accordingly, the College reserves the right to limit and withhold the content it publishes on the register.

1.6 If new information becomes available warranting removal of information from the public register (e.g. a finding is overturned on appeal, a charge is withdrawn, or a pardon has been obtained regarding a criminal offence), the College will remove any notation from the public register no more than 5 (five) business days after being satisfied of the change.
